VA Maine Healthcare System
1 VA Center
Augusta, ME 04330

Dear Friends,

It is an honor to add my voice to those recognizing the groundbreaking of the new Community Living Center (CLC) at the Togus VA Medical Center. I commend your steadfast commitment to ensuring quality care for Maine veterans.

Our veterans selflessly served this country, and as such, they deserve access to the highest level of care when they return home. This new 24-bed state-of-the-art facility will be a welcome step forward in that important mission and will provide much needed residential services. The care and compassion you will undoubtedly show your residents and their families will truly leave its mark in the hearts of countless individuals.

Today's celebration is an opportunity to recognize the determination of the VA Maine team and their continued efforts to build on the progress made in caring for our veterans. I am confident that with these additions, the Community Living Center will create a compassionate, safe environment for veterans throughout Maine for years to come.

Best Regards,

ANGUS S. KING, JR.
United States Senator

Congratulations - on this
